

PRESS RELEASE

Aquila Clean Energy APAC reaches financial close with Bank SinoPac for its first solar-fishery project in Taiwan (26.3 MWp)

Singapore/Taipei, 21 January 2026 - Aquila Clean Energy APAC (Aquila Clean Energy), a clean energy platform headquartered in Singapore, today announced it has reached financial close for its first solar PV-fishery project in Taiwan, with project financing provided by Bank SinoPac Company Limited (Bank SinoPac). Construction of the 26.3 MWp project in Southern Taiwan will commence shortly. Once operational, the project is expected to generate enough clean electricity each year to power approximately 7,500 homes.

A solar-fishery development installs ground-mounted solar photovoltaic (PV) panels on fixed foundations above aquaculture ponds, enabling the continued use of land and water for fishery operations while producing renewable energy.

Bank SinoPac is the mandated lead arranger for the non-recourse, long-term project financing facility of over NT\$ 1 billion. The project was developed by Aquila Clean Energy and supported by Nan Ying Aquaculture Association (NYAA), which initiated discussions with the local fisher community.

This financial close marks a significant milestone for Aquila Clean Energy as the first project in its broader solar-fishery portfolio in Taiwan to reach financial close and enter construction. The company intends to sell the power generated from this project and its other projects through corporate power purchase agreements (CPPAs).

Morris Lu, Head of Office, Taiwan, Aquila Clean Energy, said, "We are pleased to reach this significant milestone and contribute to Taiwan's goal of net-zero by 2050. With the continuous and growing industrial demand for clean energy, we remain steadfast in our commitment to develop these vital renewable energy projects. We are grateful to have the support and trust of Bank SinoPac, NYAA and the local fisher community, and we look forward to bringing this project online safely and to the highest quality standards, while continuing to add value to the community for many years to come."

This project is the first agri-voltaic project developed by Aquila Clean Energy. It forms part of the company's broader 1.6 GW portfolio of solar PV, onshore wind and battery energy

storage system (BESS) projects across Taiwan, Japan, South Korea, Australia and New Zealand.

ENDS

About Aquila Clean Energy APAC

Aquila Clean Energy APAC is a clean energy platform that funds, develops, builds and operates solar PV, wind power and battery storage assets across the Asia Pacific region (APAC). By developing and managing these assets, we are committed to advancing the energy transition towards a more sustainable future. To date, we have a 1.6 GW portfolio of projects across development, construction and operations. Our vision is to be a leading developer and independent power producer in APAC. In Taiwan, Aquila Clean Energy's team comprises 13 experienced renewable energy professionals based in Taipei, supported by the regional headquarters in Singapore. Aquila Clean Energy APAC is part of Aquila Group, an asset development and alternative investment company headquartered in Hamburg, Germany.

Aquila Clean Energy APAC 天鷹資本潔淨能源 獲永豐銀行支持，完成專案融資

台灣首座漁電共生太陽能專案（26.3 MWp）即將動工

新加坡／台北，2026年1月21日 — 總部設於新加坡的潔淨能源平台 Aquila Clean Energy APAC 天鷹資本潔淨能源（以下簡稱 Aquila Clean Energy/天鷹資本）今日宣布，其位於台灣的首座漁電共生太陽光電案場為永豐銀行股份有限公司（Bank SinoPac）所主辦的專案融資（financial close）。該專案位於台灣南部，總裝置容量約為 26.3 MWp，工程即將動工。完工併網後，預計每年可供應約 7,500 戶家庭使用的潔淨電力。

漁電共生模式係於養殖魚塭上方架設固定式地面型太陽光電系統，使土地與魚塭得以持續用於養殖作業，讓漁業養殖與潔淨能源共存，達成土地複合利用。

永豐銀行作為貸款銀行及主辦行（Mandated Lead Arranger），為該專案提供超過新台幣 10 億元之專案融資。本案由 Aquila Clean Energy 開發，並獲得南瀛養殖協會（Nan Ying Aquaculture Association, NYAA）支持，由其協助 Aquila Clean Energy 與在地漁民友善溝通與協調。

本次融資為 Aquila Clean Energy 天鷹資本 在台灣首個進入施工階段的專案，是其在台灣的投資中重要的里程碑。天鷹資本預計透過企業購電協議（Corporate Power Purchase Agreements, CPPAs），供應本案及其它專案所發電力予民營企業。

Aquila Clean Energy 天鷹資本台灣負責人盧人愷 表示：「我們很高興達成這項重要里程碑，在不影響糧食安全的前提下，為台灣在 2030 年前達成淨零排放的目標貢獻心力。隨著產業對潔淨能源的需求持續成長，我們更堅定投入這些再生能源專案開發的目標。感謝永豐銀行、南瀛養殖協會以及在地漁民的支持與信任，我們期待以最高的安全與品質標準完成本案，並在未來持續為社區創造價值。」

本專案亦為 Aquila Clean Energy 天鷹資本開發的首個漁電共生專案，為其在台灣、日本、南韓、澳洲及紐西蘭，總規模共計 1.6 GW 的太陽光電、陸域風電及儲能系統（BESS）投資組合之一。

關於 **Aquila Clean Energy APAC** 天鷹資本潔淨能源

Aquila Clean Energy APAC 天鷹資本為亞太地區的潔淨能源平台，專注於太陽光電、風力發電及儲能專案的投資、開發、興建與營運。透過這些資產的開發與管理，公司致力推動能源轉型，邁向永續的未來。截至目前為止共計持有總規模 1.6 GW 的資產，包含已商轉的專案及多個處於不同開發與施工階段的專案。Aquila Clean Energy APAC 天鷹資本潔淨能源的願景是成為亞太地區領先的再生能源開發商及發電業。

在台灣 Aquila Clean Energy APAC 天鷹資本潔淨能源的團隊由多位豐富經驗的同仁組成，辦公室設於台北，並由新加坡區域總部提供支援。Aquila Clean Energy APAC 為德國 Aquila Group 成員，集團總部位於德國漢堡，為一間資產開發與另類投資公司。
